

THE TOP TABLEAU RESOURCES

JONATHAN DRUMMEY'S BLOG

www.drawingwithnumbers.artisart.org

Jonathan is one of, if not the, most talented Tableau users in the world.

His blog, Drawing with Numbers, may be the single greatest collection of articles, writeups, and explanations of how Tableau functions, visualizes, and interprets data.

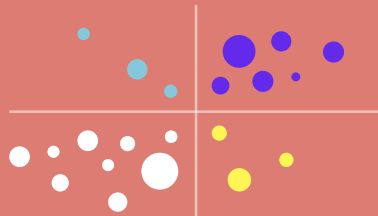

THE INFORMATION LAB

www.theinformationlab.co.uk

The Information Lab is a Tableau training and consulting company.

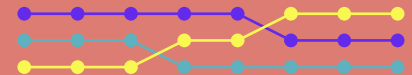

As part of their offering, they also write fairly blog posts with tips and tricks on how to use Tableau.

DATA + SCIENCE

www.dataplusscience.com/insights.html

Ran by Jeffrey Schaffer, a Tableau Zen Master who offers professional Tableau services, teaching courses on Data Visualization, Tableau, and Data Mining. This site also has a wonderful blog full of tips, visuals, and deep dives into various applications of Tableau to different problems Jeffrey has consulted on.

INTERWORKS

www.interworks.com/blog

InterWorks is a leading Bi and Data Management consulting company.

Looking for help with advanced calculations? How about dashboard design best practices? Check their Blog and tackle those challenges.

THE TABLEAU COMMUNITY

www.community.tableau.com/welcome

If you ever run into an issue in Tableau and you search for a solution online, odds are you will run into a Tableau Community post about it. This site is full of questions, answers, and discussions all about Tableau, problems to be solved, and feature requests.
